

# 1<sup>st</sup> Annual

## **ALLOGENEIC BLOOD AND MARROW TRANSPLANT PATIENT SURVIVORSHIP DAY**

Please join us at the first annual Allogeneic Blood and Marrow Transplant (BMT) Patient Survivorship Day event to celebrate our community of post-transplant patients, caregivers and the multidisciplinary team at the Princess Margaret Cancer Centre.

This event honours the remarkable journey of resilience and triumph over illness that our patients have undertaken. Additionally, it acknowledges the unwavering dedication of our nurses and allied health professionals who have played a pivotal role in the care and recovery of our patients.

If you are one year or more after Allo stem cell transplant, we invite you and one guest for an afternoon of appreciation and refreshments featuring live musical entertainment.

September 27, 2023 from 2:00 – 4:00 pm

Black Creek Pioneer Village

Event Pavilion & Town Hall Green

1000 Murray Ross Parkway, North York

RSVP to Meghan Rodgers by **Monday, Sept. 18<sup>th</sup>, 2023** at
